

ACADEMIC DETAILS				
Qualification	Specialization	Institute	Year	CPI/%
B.Tech	Information Technology	DBATU Lonere	2025	8.04
Class XII	Physics, Chemistry, Maths	JNV Sangli, Maharashtra	2021	87
Class X		JNV Sangli, Maharashtra	2019	80.6
INTERNSHIPS & PROJECTS				
• Internship at Aayan Softech: Full Stack Developer			[July '24 - Nov '24]	
◦ Developed and deployed Django-based APIs to manage student data and exam workflows across 150+ schools.				
◦ Collaborated in Agile sprints with product teams, ensuring clarity in business requirements and timely delivery.				
◦ Implemented authentication, role-based dashboards, and real-time notifications for enhanced user experience.				
◦ Followed SDLC standards, wrote test scenarios, debugged issues, and optimized code for performance.				
• Internship at GAOTek INC.: Web Developer			[Oct '23 - Dec'23]	
◦ Created responsive frontend components using React; managed deployment and backend operations using Mochohost.				
◦ Integrated APIs and ensured backend stability, performance, and data consistency using effective test strategies.				
◦ Enhanced application performance with optimized database queries and server-side caching.				
◦ Participated in regular technical meetings and sprint reviews, demonstrating strong team communication.				
• Project Farmer Empowerment (Link)			[Mar '24 - Nov '24]	
◦ Designed backend architecture using Django with secure, scalable access for multiple user roles.				
◦ Developed algorithms for matching supply-demand data, improving market access for farmers.				
◦ Applied caching and middleware for optimized performance and efficient request handling.				
◦ Designed a secure backend infrastructure incorporating advanced server-side architecture.				
• Project Talk-A-Tive ReactJS, NodeJs, ExpressJS, MongoDB, Socket.io (Link)			[May '24]	
◦ Built a real-time chat application using MongoDB, Express, React, and NodeJS.				
◦ Utilized WebSocket for instant communication; implemented RESTful APIs and user auth.				
◦ Focused on performance optimization with database query tuning and server caching.				
◦ Ensured low-latency performance through server-side caching and efficient database queries.				
TECHNICAL SKILLS				
• Languages: JAVA, PYTHON, JAVASCRIPT, SQL, HTML5, CSS3				
• Framework/Tools: REACTJS, NODEJS, EXPRESSJS, DJANGO, GIT, GITHUB, POSTMAN, BASICS OF AZURE				
• Technologies: RESTFUL APIs, WEBSOCKETS, CLOUD-BASED APPLICATIONS				
• Relevant Courses: MERN STACK, SDLC, AGILE METHODOLOGY, DATA STRUCTURES IN JAVA, OBJECT ORIENTED PROGRAMMING, OPERATING SYSTEMS, COMPUTER NETWORKS, DATABASE MANAGEMENT SYSTEMS				
ACHIEVEMENTS				
• Received a Letter of Recommendation from HOD Received for backend contributions to a large-scale project.				
• Received DBAA Alumni Sponsorship for the 2023-24 academic year				
• Honored with Best JUO award in CATC Camp 2023				
• Team Captain for Kabaddi from Pune Region at National Sports Meet held at JNV Hansdiha (Jharkhand).				
EXTRA-CURRICULAR ACTIVITIES				
• ADH (Academic Discussion Hour) Mentor, DBATU Lonere			[Aug '23 - Nov '23]	
◦ Major Project Using MERN stack and Computer Network Laboratory Conducted weekly tutoring sessions to assist students in clarifying doubts and strengthening their course concepts.				
• Event Executive, Code Kriya FIT Technical Event - DBATU Lonere.			[Dec '20 - Jan '22]	
• National Science Congress, JNV Gandhinagar			Selected as a top performer to represent my batch at the National Science Congress hosted at JNV Gandhinagar.	
			[Oct '18]
